SUMMARY

Skilled Web Development Consultant with a solid foundation in both front-end and back-end development. Proficient in HTML, CSS, JavaScript, and Python, I leverage these technologies to create dynamic and responsive web applications. My notable strengths include strong problem-solving abilities and a creative approach to designing innovative solutions. I am passionate about enhancing user experience and functionality, and I thrive in collaborative environments where I can contribute to impactful projects

SKILLS

Programming Languages: JavaScript, Python, HTML5/CSS3, , SQL

Technologies: React, Node, Front-End, Back-End, Express.js

PROFESSIONAL EXPERIENCE

RK Technologies

Feb 2024 - Mar 2024

- Proficient in HTML, CSS, and JavaScript, with a solid understanding of web development fundamentals..
- Gained hands-on experience in responsive web design, ensuring seamless user experiences across a variety of devices.
- Applied best practices in user experience (UX) to enhance site navigation, accessibility, and overall performance.

EDUCATION

Bachelor of Technology and Sciences

Jul 2018 - Aug 2022

Siddhartha Institute of Technology and Sciences

- Major in Computer Science and Engineering.

PROJECTS

Jobby (Job Search Application)

- Developed a job portal with user authentication, dynamic job search filters, and job details navigation using API calls, with seamless routing for authenticated and unauthenticated users.
- Implemented advanced filtering options (employment type, salary range, search) and dynamic job listings based on user input, improving job search experience.
- Designed error handling, loading states, and retry mechanisms for API requests to ensure reliable data fetching and display of job-related information.

Event Management System

- Events Buffer streamlines event discovery by centralizing information across multiple categories, allowing users to easily search, register, and receive personalized event recommendations based on their interests.
- The platform offers a seamless, real-time experience with automatic updates to event listings and registration options, ensuring a responsive and up-to-date interface for users at all times.
